**HIREBASE**

Dear Supporter,

Hull Kingston Rovers are standing on the verge of an exciting new chapter in the club's history. After five years in Super League we bid a fond farewell to Justin Morgan at the end of the season after a fantastic six years at the helm.

In that time not only have we established ourselves as play-off contenders but we have put structures in place that are beginning to bear fruit. Nowhere is this more evident than in youth development, with 2012 set to see a record number of home grown players in the first team squad in the modern era.

We are building for the future and with the likes of Kris Welham and Scott Taylor establishing themselves as Super League players already, plus a plethora of talent breaking through that is too long to list, we are well set to become an even stronger force in the competition.

We have also secured the futures of one of Super League's best half-back combinations with Michael Dobson and Blake Green both committing until 2014. They know what we are looking to build at the club over the next few years and they couldn't wait to sign up to be a part of it.

Off the field, our stadium development plans continue to be a top priority and 2012 is set to be the year where plans begin to become a reality and Craven Park is a stadium befitting of this great club and you, our fantastic supporters.

We understand and appreciate that the cost of supporting your team is a big commitment to make and for that we are incredibly grateful and it is something we never take for granted. With that in mind, we have set general sale prices at one cost which will remain from now until the start of the season so you won't be penalised if you're not able to buy in the months leading up to Christmas. A standing order payment plan is once again available allowing you to spread the cost of your pass over three months. To take advantage of this scheme make sure you return your form to us by 18th November 2011.

We're building for the future and we want you to be there with us every step of the way. Become a season pass holder in 2012 and just like many, many others, you can be a part of it.

Up the Robins!

**Mike Smith**

CEO
